Run Worm setup files

This screenshot shows a Windows File Explorer window with the address bar set to `This PC > Downloads > WormSetup2024 (2)`. The left sidebar shows the 'Downloads' folder selected. The main pane displays a table of files:

Name	Date modified	Type	Size
setup	16-12-2025 17:54	Application	387 KB
Worm Setup	16-12-2025 17:54	Windows Installer ...	5,356 KB

At the bottom left, it indicates '2 items'. A search bar is visible in the top right corner of the window.

Run Worm setup files Conduct this problem to click yes and download dotnet sdk 64

The screenshot shows a Windows File Explorer window with the address bar set to 'This PC > Downloads > WormSetup2024 (2)'. The left sidebar shows the 'Downloads' folder selected. The main pane displays a table of files:

Name	Date modified	Type	Size
setup	16-12-2025 17:54	Application	387 KB
Worm Setup	16-12-2025 17:54	Windows Installer ...	5,356 KB

Overlaid on the file list is a dialog box titled 'WORM'. The text inside the dialog reads: 'This setup requires the .NET Framework version 2.0. Please install the .NET Framework and run this setup again. The .NET Framework can be obtained from the web. Would you like to do this now?'. At the bottom of the dialog are two buttons: 'Yes' and 'No'.

At the bottom left of the File Explorer window, it says '2 items'. At the bottom right, there are icons for the taskbar and a search bar.

Install Dotnet SDK 64 File

The screenshot shows the Microsoft .NET website's download page for Windows. At the top, there is a navigation bar with the URL 'dotnet.microsoft.com/en-us/download'. Below the navigation bar is a purple banner with a notification: 'Missed .NET Conf 2025? Catch up on all of the fun and educational .NET sessions, with our on-demand videos.' and a 'Watch videos' button. The main content area features the text 'Free. Cross-platform. Open source.' followed by the large heading 'Download .NET For Windows'. Below this, there is a section for '.NET 10.0' with a 'Long Term Support' badge and a prominent 'Download .NET SDK x64' button. Underneath the button, it states 'SDK version 10.0.101, released December 9, 2025' and provides links for 'All .NET 10.0 downloads', '.NET 10.0 runtime', and 'All .NET versions'. To the right of the .NET 10.0 section is a 'What's new in .NET 10?' section with a detailed description of the new version's features and a 'Learn more' link. A vertical 'Feedback' button is visible on the far right edge of the page.

dotnet.microsoft.com/en-us/download

Missed .NET Conf 2025? Catch up on all of the fun and educational .NET sessions, with our on-demand videos. Watch videos

Free. Cross-platform. Open source.

What's new in .NET 10?

.NET 10 delivers a faster, more secure, and more capable platform for modern development. With major upgrades to the runtime and support for the latest hardware, refinements that make coding in C# 14 elegant and extensible, your apps run faster and more efficiently. .NET 10 makes secure authentication easier and APIs even snappier, and delivers smoother experiences and better diagnostics across web and mobile.

Feedback

Set the control panel setting in program features

The screenshot shows the Windows 'Programs and Features' control panel window. The 'Turn Windows features on or off' dialog box is open, displaying a list of features. The 'ASP.NET 4.8' feature is highlighted with a blue selection box. The background window shows a list of installed programs with columns for Name, Installed On, Size, and Version.

Windows Features Dialog Box:

Turn Windows features on or off

To turn a feature on, select its checkbox. To turn a feature off, clear its checkbox. A filled box means that only part of the feature is turned on.

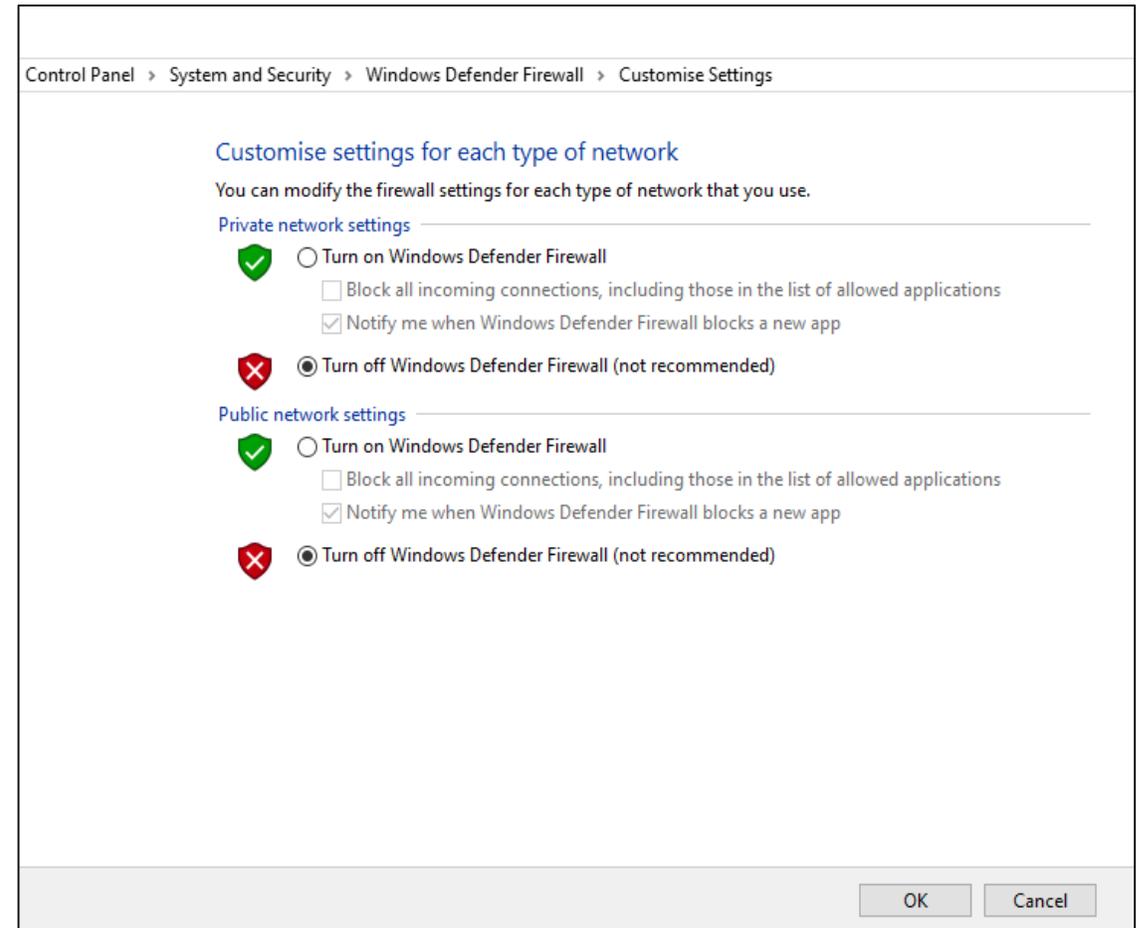

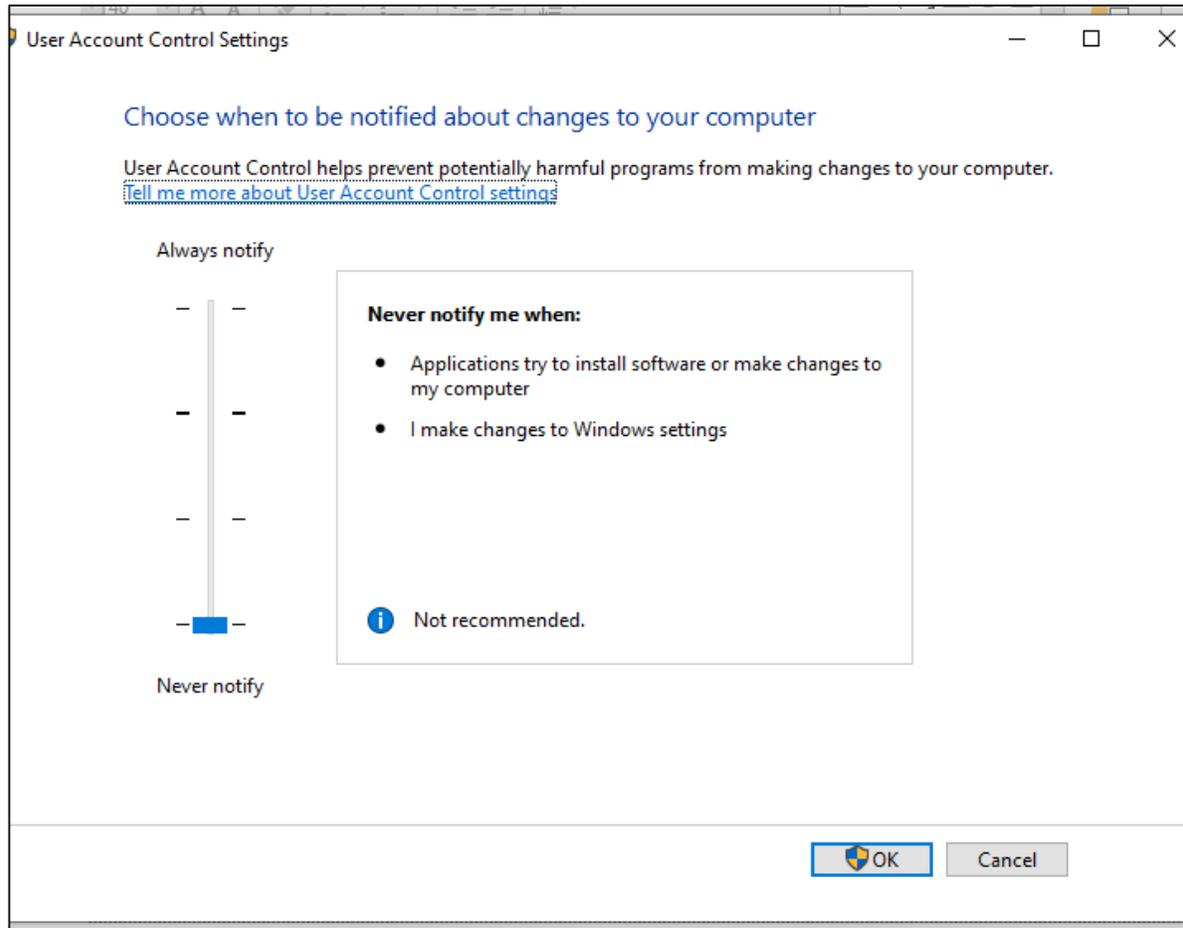

- .NET Framework 3.5 (includes .NET 2.0 and 3.0)
 - Windows Communication Foundation HTTP Activation
 - Windows Communication Foundation Non-HTTP Activation
- .NET Framework 4.8 Advanced Services
 - ASP.NET 4.8
 - WCF Services
- Active Directory Lightweight Directory Services
- Containers
- Data Center Bridging
- Device Lockdown
- Guarded Host

WORM: IT Infra Asset Monitoring Framework

Welcome Center Co-ordinator!

Please take note that this software scans hardware-software details of your computers in LAN and uploads to central server for further verification as a part of your center's authorization process. Please take note of following points to avoid any problem.

1. All computers must be connected through local area network.
2. Direct Internet connection to server is required. In some cases, Proxy server/Firewall/Anti-virus settings/policies doesn't allow connectivity with centralized server. So, please make sure for necessary settings on your server.
3. This software automatically checks hardware configuration as per defined minimum criteria and restrict user from uploading details.
4. This software also checks duplicate computers and rejects automatically.

Click ip Adress and Upload details

The screenshot shows a software interface with a top navigation bar containing icons for '1) RUNNING', '2) Upload', 'Print', 'Delete', and 'Help'. The '2) Upload' icon is highlighted with a red box. Below the navigation bar is a 'Connected Computers' section with a table listing IP addresses and computer names. The first entry, '10.1.60.238' with computer name 'susenn', is selected. To the right, a detailed view of the selected computer is shown, categorized into 'Computer Details', 'Operating System Details', and 'Physical Drive Details'. At the bottom, a status message reads: 'Server started.(Run worm client on client computer to enter server IP address and click on SEND button. Verifv connected computers before uploading)'. A 'Recommended Configuration' icon is visible in the top right corner.

IP Address	Computer Name
10.1.60.238	susenn

Name	Description	Type
Computer Details		
Computer Name	SUSENN	
System Manufacturer	LENOVO	
System Product	81HN	
Current Time Zone	330	
System Type	x64-based PC	
Number Of Processors	1	
Domain	mkclindia.local	
UserName	MKCLINDIA\susenn	
Webcam	Integrated Camera	
Operating System Details		
OS Name	Microsoft Windows 10 Pro	
OS Version	10.0.18362	
OS Service Pack		
OS Architecture	64-bit	
Build Number	18362	
OS Installation Date	2019-08-25	
Manufacture	Microsoft Corporation	
OS MaxProcessMemorySize	134217727 MB	
Product ID	00330-80000-00000-AA882	
System Drive	C:	
OS Root	C:\Windows	
Registered Owner	user	
Physical Memory	7437 MB	
Physical Drive Details		
Driver Description	ST1000LM035-1RK172	
Physical Drive Signature	3657049220	
Serial Number	WL1X9AWW
